1	Executive Summary	1
1.1	Introduction	1
1.2	Landscape	3
1.3	Northern Alberta Development Council	4
1.3.1	NADC – At a Glance	4
1.3.2	Plans for Broadband	7
1.3.3	Utility Networks in Athabasca County and the RMWB	8
1.4	Northern Alberta Information HUB Ltd. (Alberta HUB)	8
1.4.1	Alberta HUB – At a Glance	8
1.4.2	Plans for Broadband in Alberta HUB	12
1.4.3	Utility Networks in Alberta HUB	14
1.5	Grizzly Regional Economic Alliance Society (GROWTH Alberta)	15
1.5.1	GROWTH Alberta – At a Glance	15
1.5.2	Plans for Broadband in GROWTH Alberta	17
1.5.3	Utility Networks in GROWTH Alberta	18
1.6	Lesser Slave Lake Economic Alliance (LSLEA)	18
1.6.1	LSLEA – At a Glance	18
1.6.2	Plans for Broadband in LSLEA	21
1.6.3	Utility Networks in LSLEA	22
1.7	Peace Region Economic Development Alliance (PREDA)	23
1.7.1	PREDA – At a Glance	23
1.7.2	Plans for Broadband in PREDA	27
1.7.3	Utility Networks in PREDA	28
1.8	Regional Economic Development Initiative for Northwest Alberta (REDI)	29
1.8.1	REDI – At a Glance	29
1.8.2	Plans for Broadband	31
1.8.3	Utility Networks in REDI	31
1.9	Available Analyses – In Summary	32
1.10	Next Steps	34
1.11	Conclusions	34
2	Introduction	36
2.1	Project Definition	36
2.2	Project Purpose	36
2.3	Project Leadership and Study Partners	36
2.4	Northern Alberta Study Area	37
2.4.1	Geographic Borders	37
2.4.2	REDA Membership and Grouping of Communities	38
2.4.3	Community Composition, Natural Resources, and Features	38
3	Landscape	40
3.1	Context	40
3.2	Federal Updates	40
3.2.1	Basic Service Ruling	40
3.2.2	Connect to Innovate Program (CTI)	41

3.2.3	Statistics Canada.....	41
3.2.4	Federation of Canadian Municipalities (FCM)	41
3.3	Provincial Updates.....	42
3.3.1	Service Alberta and the Alberta SuperNet Contract.....	42
3.3.2	Changes to the Municipal Government Act (MGA).....	42
3.3.3	Regional Economic Development Alliance (REDA) Broadband Studies.....	42
3.3.4	Alberta Urban Municipalities Association (AUMA).....	43
3.3.5	Alberta Association of Municipal Districts and Counties (AAMDC)	44
3.4	Service Provider Updates.....	44
4	Benefits of Broadband – Socioeconomic Effects.....	45
4.1	Overview.....	45
4.2	Wealth Creation and the Knowledge-based Economy	46
4.3	Economic	47
4.3.1	Economic Impacts of New Broadband Investments.....	47
4.3.2	Digital Adoption and its Impact on GDP	48
4.3.3	Agriculture	49
4.4	Social.....	52
4.4.1	Connected Communities	52
4.4.2	Education.....	52
4.4.3	Entrepreneurship.....	55
4.4.4	Employment	55
4.4.5	Healthcare	56
4.4.6	Government Delivery of Public Services.....	59
5	Areas of Opportunity.....	61
5.1	Overview.....	61
5.2	Status Quo	61
5.3	Incremental	61
5.4	Negotiate with Current Providers.....	62
5.4.1	Work with the Carriers and Seek their Investment	62
5.4.2	Establish a Private-Public Partnership (PPP).....	63
5.4.3	Subsidize a Private Partner	63
5.5	Develop a Community or Regional Fibre Network	64
6	Community and Regional Fibre Networks.....	66
6.1	Learning from Abroad.....	66
6.2	Municipal Networks in Canada.....	69
6.2.1	Overview.....	69
6.2.2	Alberta SouthWest	69
6.2.3	City of Calgary	70
6.2.4	Kainaiwa	71
6.2.5	Olds, Alberta	71
6.2.6	Parkland County	73
6.3	General Financial Considerations	73
6.3.1	Off-balance Sheet Considerations	73
6.3.2	Wireless versus Wired	74
6.3.3	Aerial versus Buried Deployment	75
6.3.4	Grant Funding.....	75

6.3.5	Don't Delay	76
6.3.6	Public versus Private Financing.....	76
6.4	Business Models	77
6.4.1	Structure.....	77
6.4.2	The Wholesale (Utility) Network Option – C-Net	78
6.4.3	The Retail Services Option – CommNet.....	79
6.4.4	Financial Considerations.....	80
6.5	A Default Model for the Analyses.....	81
6.5.1	Context	81
6.5.2	Business Structure	81
6.5.3	Deployment Capital	82
6.5.4	Deployment Schedule.....	82
6.5.5	Opto-electronics and Backhaul.....	82
6.5.6	Drop Capital.....	82
6.5.7	Markets and Revenue.....	83
6.5.8	Operations.....	83
6.5.9	Financial Projections.....	83
6.5.10	Options to Improve Financial Margins.....	84
7	Northern Alberta Development Council (NADC)	85
7.1	Current State	85
7.1.1	Introduction.....	85
7.1.2	Methodology	85
7.2	Regional Profile.....	87
7.3	Current Service Providers, Services, and Infrastructure	88
7.3.1	Fixed Wireless-based	88
7.3.2	Mobility	90
7.3.3	Wireline-based – DSL.....	91
7.3.4	Wireline-based – Coaxial Cable	92
7.3.5	Internet Service Provider Wi-Fi.....	93
7.3.6	Axia Fibre	94
7.4	Backhaul Availability.....	94
7.4.1	Alberta SuperNet.....	94
7.4.2	Shaw Wholesale	95
7.5	Desired State	95
7.5.1	Methodology	95
7.5.2	Key Observations and Conclusions.....	96
7.5.3	Segmentation	96
7.5.4	Issues and Challenges	97
7.5.5	List of Communities with Near-term Broadband Plans Within the NADC.....	98
7.6	Athabasca and Wood Buffalo Regions.....	98
7.6.1	Introduction.....	98
7.6.2	Current State	99
7.6.3	Desired State	111
7.7	Town of Athabasca – A 1,341 Premise Community.....	112
7.7.1	Default Scenario	112
7.7.2	Deployment Capital	113

7.7.3	Deployment Schedule.....	113
7.7.4	Opto-electronics and Backhaul.....	113
7.7.5	Operations.....	114
7.7.6	Financial Projections.....	115
7.8	Athabasca County – An Inclusive Regional Utility Network.....	117
7.8.1	Context.....	117
7.8.2	Default Scenario.....	117
7.8.3	Deployment Capital.....	118
7.8.4	Operations.....	119
7.8.5	Financial Projections.....	120
7.9	Infrastructure Analysis for Five RMWB Communities.....	121
8	Northeast Alberta Information HUB Ltd. (Alberta HUB).....	122
8.1	Current State.....	122
8.1.1	Regional Profile.....	122
8.1.2	Municipal, First Nations, and Métis Settlements Broadband Interests.....	127
8.1.3	Current Service Providers, Services, and Infrastructure.....	129
8.1.4	Backhaul Availability.....	134
8.1.5	Existing Infrastructure.....	135
8.1.6	Planned Infrastructure.....	138
8.2	Desired State.....	141
8.3	Town of Bruderheim– A 600+ Premise Community.....	143
8.3.1	Default Scenario.....	143
8.3.2	Deployment Capital.....	144
8.3.3	Deployment Schedule.....	144
8.3.4	Opto-electronics and Backhaul.....	144
8.3.5	Operations.....	145
8.3.6	Financial Projections.....	146
8.4	Lac La Biche – An Inclusive Regional Network.....	148
8.4.1	Context.....	148
8.4.2	Default Scenario.....	149
8.4.3	Deployment Capital.....	149
8.4.4	Operations.....	152
8.4.5	Financial Projections.....	153
8.5	Vermilion River Regional Alliance – An Inclusive Regional Network.....	155
8.5.1	Context.....	155
8.5.2	Business Structure.....	156
8.5.3	Deployment Capital.....	156
8.5.4	Operations.....	158
8.5.5	Financial Projections.....	159
8.6	Extrapolating the Results.....	161
8.6.1	Municipal Networks.....	161
8.6.2	Regional Networks.....	161
9	Grizzly Regional Economic Alliance Society (GROWTH Alberta).....	162
9.1	Current State.....	162
9.1.1	Regional Profile.....	162
9.1.2	Municipal and First Nations Broadband Interests.....	165

9.1.3	Current Service Providers, Services, and Infrastructure	167
9.1.4	Backhaul Availability	171
9.1.5	Existing Infrastructure	172
9.1.6	Planned Infrastructure.....	174
9.2	Desired State	177
9.3	Town of Whitecourt – A 4,250+ Premise Utility Network	178
9.3.1	Business Structure	178
9.3.2	Deployment Capital	179
9.3.3	Deployment Schedule.....	179
9.3.4	Opto-electronics and Backhaul.....	179
9.3.5	Operations	179
9.3.6	Financial Projections.....	180
9.4	Town of Barrhead – A 2,000+ Premise Utility Network.....	181
9.4.1	Default Scenario	181
9.4.2	Deployment Capital	181
9.4.3	Deployment Schedule.....	181
9.4.4	Opto-electronics and Backhaul.....	181
9.4.5	Operations	182
9.4.6	Financial Projections.....	183
9.5	Town of Swan Hills – A 725 Premise Utility Network	184
9.5.1	Business Structure	184
9.5.2	Deployment Capital	185
9.5.3	Deployment Schedule.....	185
9.5.4	Opto-electronics and Backhaul.....	185
9.5.5	Operations	186
9.5.6	Financial Projections.....	187
9.6	Woodlands County – An Inclusive Regional Network.....	187
9.7	Extrapolating the Results.....	188
9.7.1	Municipal Networks.....	188
9.7.2	Regional Networks.....	189
10	Lesser Slave Lake Economic Alliance (LSLEA).....	190
10.1	Current State	190
10.1.1	Regional Profile.....	190
10.1.2	Municipal, First Nations and Métis Settlements Broadband Interests.....	193
10.1.3	Current Service Providers, Services, and Infrastructure	195
10.1.4	Backhaul Availability	198
10.1.5	Existing Infrastructure	199
10.1.6	Planned Infrastructure.....	202
10.2	Desired State	204
10.3	Town of High Prairie – A 1,000+ Premise Utility Network.....	205
10.3.1	Context	205
10.3.2	Business Structure	206
10.3.3	Deployment Capital	206
10.3.4	Deployment Schedule.....	207
10.3.5	Opto-electronics and Backhaul.....	207
10.3.6	Operations	207
10.3.7	Financial Projections.....	208

10.4	An Inclusive Regional Network	209
10.5	Extrapolating the Results	209
10.5.1	Municipal Networks	209
10.5.2	Regional Networks	210
11	Peace Region Economic Development Alliance (PREDA)	211
11.1	Current State	211
11.1.1	Regional Profile	211
11.1.2	Municipal and First Nations Broadband Interests	215
11.1.3	Current Service Providers, Services, and Infrastructure	217
11.1.4	Backhaul Availability	222
11.1.5	Existing Infrastructure	222
11.1.6	Planned Infrastructure	226
11.2	Desired State	231
11.3	Big Lakes County – An Inclusive Regional Network	233
11.3.1	Context	233
11.3.2	Business Structure	235
11.3.3	Deployment Capital	235
11.3.4	Operations	236
11.3.5	Financial Projections	237
11.4	MD of Smoky River – An Inclusive Regional Network	238
11.4.1	Context	238
11.4.2	Business Structure	240
11.4.3	Deployment Capital	240
11.4.4	Operations	242
11.4.5	Financial Projections	242
11.5	Extrapolating the Results	244
11.5.1	Municipal Networks	244
11.5.2	Regional Networks	244
12	Regional Economic Development Initiative for Northwest Alberta (REDI)	246
12.1	Current State	246
12.1.1	Regional Profile	246
12.1.2	Municipal, First Nations, and Métis Settlements Broadband Interests	249
12.1.3	Current Service Providers, Services, and Infrastructure	249
12.1.4	Backhaul Availability	253
12.1.5	Existing Infrastructure	254
12.1.6	Planned Infrastructure	256
12.2	Desired State	257
12.3	A Multi-Community Utility Network	258
12.3.1	Context	258
12.3.2	Business Structure	259
12.3.3	Deployment Capital	259
12.3.4	Deployment Schedule	259
12.3.5	Opto-electronics and Backhaul	260
